FIRE INSURANCE POCKET INDEX FOR 1887.

READY ABOUT FEBRUARY 15.

THE FIRE INSURANCE POCKET INDEX, exhibiting accurate statistics of the condition and business of

Nearly Three Hundred American and Foreign Fire Insurance Companies,

is compiled from returns especially furnished THE SPECTATOR by company officers, and are identical with the returns made by them to the Insurance Departments.

THE POCKET INDEX exhibits the financial condition of the companies in such manner that the business of one year can be compared with that of the previous four years at a glance. The issue of THE INDEX for 1887, and for each succeeding year, will present in this comparative form

THE FIGURES OF FIVE CONSECUTIVE YEARS.

THE POCKET INDEX is issued many weeks in advance of the State insurance reports, and is a valuable compendium of the reports of the several States. The system pursued in its compilation, after nineteen successive years of publication, has established for it a reputation for unquestionable accuracy.

PRICES FOR THE POCKET INDEX:

SINGLE COPIES,	$0.25	PER HUNDRED,	$10.00
PER DOZEN,	2.00	PER THOUSAND,	60.00

A POCKET BOOK, POCKET INDEX AND EXPIRATION REGISTER COMBINED.

The majority of agents prefer THE POCKET INDEX in the form of a POCKET BOOK, with Leather Cloth cover; also containing an EXPIRATION REGISTER, A YEARLY CALENDAR, the UNION TABLE OF SHORT RATES for Cancellations, and a large Pocket and Card Case for Pocket use. It is the most convenient Reference and Memorandum book ever prepared for the use of agents.

PRICES FOR POCKET BOOK AND INDEX COMBINED:

SINGLE COPIES,	$0.50	PER HUNDRED,	$26.00
PER DOZEN,	5.00	PER THOUSAND,	220.00
